July 2026

Dear Crafty Friends,

Hello, July! Summer is in full swing, and we're excited for another month of creativity, connection, and fun at Crop, Paper, Scissors. July always seems to bring a little extra energy—sunny days, family time, celebrations, and opportunities to slow down and enjoy the moments that make summer special.

With calendars filling up and schedules staying busy, we hope you'll carve out a little time for yourself this month to relax, create, and recharge. Whether you're joining us for a workshop, attending a crop weekend, or spending some creative time at Open Studio, we love seeing familiar faces and welcoming new ones into our crafty community.

This month is packed with fun projects and opportunities to gather with fellow creators who share your love of making something with your own hands. Some of the best moments happen around our tables—sharing ideas, laughing together, and encouraging one another along the way. That sense of creativity and community is what makes our studio feel like home.

Thank you for continuing to support Crop, Paper, Scissors and for allowing us to be a small part of your creative journey. We appreciate every class you attend, every project you create, and every moment you spend with us. We're looking forward to making July full of inspiration, creativity, and memories together!

Featured Workshop!

Create the perfect touch of summer décor at our Summer Wood Block Stack Workshop on Tuesday, July 14! Choose from 12 different summer sayings and customize your project with your own paint colors and style.

Crocheter Wanted!

The Craft Studio is looking for an experienced crocheter interested in teaching a fun and beginner-friendly class! We're hoping to offer projects that crafters can complete within a 2-2.5 hour class time frame. If you love crocheting and would be interested in sharing your skills while making a little extra cash, we'd love to hear from you! Please email us at croppaperscissorsllc@gmail.com for more information.

July 2026

SPREAD SOME HOLIDAY CHEER WITH US!

Who says you have to wait until December for holiday fun?

Join us on **Saturday, July 11** from 1:30–3:30 PM for a festive afternoon of creativity! Choose ONE Christmas-themed project to make, including Needle Felting (Snowy Pines or Christmas Gnome), a Snowy Truck Diamond Art project, or a beautiful Framed Nativity Scene. Gather your friends and enjoy a little holiday cheer in the middle of summer!

THERE'S SOMETHING FOR EVERYONE AT THE STUDIO!

One of our favorite monthly traditions at The Craft Studio is Make It with Mom!

Last month, our crafters had so much fun creating patriotic flag t-shirts alongside moms, grandmas, and special loved ones. We'd love to see even more special pairs join us this month.

Grab your favorite little crafter and come create together! For July, we'll be making beautiful tissue paper lanterns complete with fairy lights – a colorful summer craft that's perfect for brightening up the rest of the season.

Come make memories, get creative, and enjoy some special time together – we can't wait to craft with you!
