

# The Craft Studio Creative Corner

Dear Crafty Friends,

As the season of thankfulness unfolds, we find ourselves reflecting on the incredible community that fills our studio with laughter, inspiration, and creativity. Every cut, stamp, and sprinkle of glitter shared here is more than just crafting – it's connection.

We are so grateful for each of you who walks through our doors with open hearts and creative spirits. You bring life to our space, joy to our tables, and friendship that stretches far beyond the projects we make.

In a world that can sometimes feel a little too busy, our crafting time together reminds us to slow down – to create, to share stories, and to celebrate the small, beautiful moments that make life special. Whether you're a longtime regular or a first-time visitor, please know that you are an essential part of what makes Crop Paper Scissors & More so special.

This month, as we count our blessings, you're at the top of our list. As a special thank you, we have some great Black Friday deals all month long! Check out our website for more details.

With gratitude and glitter,

## Crafting Challenge

Show us what gratitude looks like to you! Create a layout, card, or décor piece inspired by thankfulness and share it with us by text or email.

We'll feature a few favorites in next month's newsletter!

November 2025

## Crafting Tips of the Month

**Keep a "Gratitude Journal" — but make it crafty!**

**Use your scrapbooking supplies to create a small gratitude album. Each week, jot down or scrapbook something you're thankful for — from a warm cup of cocoa to a friend's smile. You'll end the month with a heart (and book) full of blessings.**
