January 2026

Dear Crafty Friends,

Happy New Year, and welcome to January at Crop Paper Scissors! A new year always feels like a fresh sheet of paper—full of possibility, creativity, and just enough blank space to imagine what's next.

Whether you're a long-time crafter or brand new to our studio, we're so glad you're here to start 2026 with us.

As we step into a new year, we're leaning into intention over perfection—more experimenting, more play, and more chances to create just for the joy of it.

January is the perfect time to try something new, return to a favorite craft, or finally start that project you've been saving "for later." We can't wait to spend another year crafting alongside you!

Here's to fresh starts, creative courage, and many more memories made at the craft table.
