June 2026

Dear Crafty Friends,

Hello, June! Summer is here, and we're so excited for another fun-filled month at Crop, Paper, Scissors. There's just something about June that feels exciting—longer days, warmer weather, and a little extra motivation to get creative and make memories with the people you love.

As life gets busier with summer activities, we hope you'll take some time for yourself to relax, create, and enjoy a little crafty escape. Whether you're joining us for a workshop, coming to a crop weekend, or just stopping in for Open Studio time, we love getting to create alongside you.

This month is full of fun projects, creative classes, and chances to connect with other crafty people who just "get it." One of our favorite things about the studio is seeing friendships grow, ideas shared across tables, and everyone encouraging each other along the way. That sense of community is what makes this place so special.

Thank you for continuing to support our creative space. We truly appreciate every class you take, every project you share, and every time you choose to spend part of your day with us. We can't wait to create with you this month and make June one to remember!
