

# The Craft Studio

## Creative Corner

Hello, Crafters!

The crisp air, cozy sweaters, and warm colors of autumn are here—October is the perfect time to embrace creativity! Whether you're preparing for fall festivals, decking the halls for Halloween, or getting a jumpstart on holiday projects, The Craft Studio is your cozy escape for crafting, connection, and inspiration.

This month, we're bringing you a lineup of festive classes, weekend crops, and seasonal fun you won't want to miss. Don't forget—you can also rent our studio for your own group events, private workshops, or just some solo "me time" in a creative space.

On a personal note, I am excited to announce that I became a grandma for the first time!! We welcomed my beautiful granddaughter, Quinn on September 14! We are so in love with this bundle of joy!

From crisp fall days to cozy craft nights, we hope your October is filled with inspiration. Thank you for supporting The Craft Studio—we can't wait to create with you soon!

*Crafting Tips  
of the Month*

### **Layering Isn't Just for Sweaters!**

When working on cards or scrapbook layouts, try layering different textures like patterned paper, vellum, ribbon, or die cuts. This adds depth and dimension, giving your project that extra "wow" factor.
